

TIMBER CARE

Carnauba Polish Gilly Stephenson's

STEP 4 - FINISH

Timber, Tables, Marble, Base Metal, Antiques, Decoupage and Tortoiseshell

DESCRIPTION

Gilly Stephenson's Carnauba Polish is a fast drying high sheen finishing polish for all types of woods.

TYPICAL USES

- Tabletops, decoupage and other surfaces prone to finger marks
- Excellent finish on marble, tortoiseshell and other hard surfaces
- For maintenance of antiques and fine furniture
- Helps prevent rust on base metals
- Friction polish for use on the lathe

FEATURES

- Made with bees wax and a high proportion of carnauba wax making it ideal for use on modern finishes
- Can be used on raw wood and buffed with a pine brush

APPLICATION

Apply sparingly and buff immediately. On large surface areas only work on a small area at any given time.

To restore wax finish on stripped furniture and/ or establish a wax finish on raw wood:

1. Apply 1 to 3 coats of **Restoring & New Timber Polish** to prepared surface and buff with a soft cloth.
2. Apply at least 2 coats of **Cabinet Makers Wax**, preferably using [0000] steel wool. Buff with a soft cloth. The number of applications will depend on the finish required.
3. For a high gloss, hard finish maintain with **Carnauba Polish**.

Typical Characteristics

Appearancepaste
Melting Point..... -50 to -60°C
Solubility in Water negligible
Specific Gravity..... 0.8
