

SOLVENTS / PENETRANTS

All Purpose Thinner

DESCRIPTION

Premium quality, fast-drying acrylic paint thinner for the automotive and manufacturing industries. The broad solvency and graduated boiling range renders **All Purpose Thinner** ideal for use in automotive paint and panel workshops as a thinner for acrylic paint and gun-washing solvents.

FEATURES

Clear bright fluid with a broad range of solvency to reduce most paints.

A high quality product that leaves a smooth, attractive, high gloss finish.

A proven all-purpose paint thinner used by many paint companies, and automotive and industrial painters.

Solvency – **All Purpose Thinner** has excellent solvency for most paints, except polyurethane coatings.

Rapid Drying – **All Purpose Thinner** dries fast to keep work moving.

Quality – **All Purpose Thinner** helps provide a high-quality paint surface finish.

PACKAGING

All Purpose Thinner is available in bulk, IBCs (1500 litre bulk containers), drums and 20 litre containers.

SAFETY

Please consult the MSDS on **All Purpose Thinner** before use.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

Typical Characteristics

Specific Gravity.....	0.78-0.82
Flash Point.....	below 0
Boiling Range	52–155°C
