

## SOLVENTS / PENETRANTS

# D-Limonene

### DESCRIPTION

**D-Limonene** is a highly refined solvent, with a strong pleasant citrus odour. D-Limonene is regularly used in the manufacture of cleaning chemicals, paints and surface coatings, cosmetics, perfumes and pharmaceuticals.

### FEATURES

A clean and bright fluid which leaves a lasting citrus (orange) odour.

Can be used at low concentrations.

Compatible with many hydrocarbon solvents and oils.

**D-Limonene** has strong solvency and a long lasting odour.

**Versatile** – **D-Limonene** can be used in many different applications, which can benefit from the strong pleasant citrus odour.

### PACKAGING

**D-Limonene** is available in drums and isotanks.

### SAFETY

Please consult the MSDS on **D-Limonene** before use.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

### Typical Characteristics

Specific Gravity.....	0.84
Flash Point.....	43°C
Refractive Index N20/D.....	1.472
D-Limonene content .....	95% min
Percent moisture.....	0.1% max
Percent n-Hexane .....	<0.5%
