

SOLVENTS / PENETRANTS

Methoxy Propanol

DESCRIPTION

A glycol ether commonly used in surface coating formulations.

FEATURES

- Powerful solvency.
- Moderate evaporation rate.
- Low viscosity.
- High dilution rate.
- Low surface tension.
- Highly versatile.
- Strong active solvency and coupling abilities.
- Can be used in coating applications such as 2-pack epoxies and graffiti removers, and for certain ink and cleaning applications.

PACKAGING

Methoxy Propanol is available in drums.

SAFETY

Please consult the MSDS on **Methoxy Propanol** before use.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

Typical Characteristics

Odour.....	characteristic, non-residual
Distillation Range.....	117–125°C
Acidity (as acetic acid) Wt%	0.001
Colour Pt-Co.....	5–10
Purity (GC).....	99.5–99.8
Water Content Wt%	0.01
Specific Gravity.....	0.921
