

# Recosol High Flash Degreaser

## DESCRIPTION

Multi-purpose, high flash point solvent degreaser. The high flash point and moderate aromatic content of the solvent base makes **Recosol High Flash Degreaser** ideal for use in automotive workshops including parts cleaning, drilling rigs and mining equipment, marine applications such as engine degreasing and bilge and farm equipment cleaning.

## FEATURES

Washes off with water.

A highly refined product, less risk than using kerosene based fluids.

High flash point.

Non-dangerous goods regulated product for transport.

Very low volatility ensures minimal evaporation loss making it ideal for part baths – but product is still combustible.

A clear and bright fluid which readily emulsifies with water.

Quick break degreaser.

**Solvency** – **Recosol High Flash Degreaser** is formulated to provide greater degreasing power than general hydrocarbons and alternative dearomatised products.

**Safety** – **Recosol High Flash Degreaser** reduces fire risk due to its high flash point.

## PACKAGING

**Recosol High Flash Degreaser** is available in drums and 20 litre containers.

## SAFETY

Please consult the SDS on **Recosol High Flash Degreaser** before use.
