

SOLVENTS / PENETRANTS

Recosol Ultra Gloss Thinners

DESCRIPTION

A premium quality, medium-to-fast drying lacquer thinner specifically formulated for thinning acrylic and nitrocellulose lacquers. Broad solvency, graduated boiling range and powerful tail solvents ensure maximum gloss.

FEATURES

Clear, bright fluid with a broad range of solvency to reduce most paints.

A high quality product that leaves a smooth, attractive, high gloss finish.

A proven lacquer thinner used by many paint companies and automotive and industrial painters.

Solvency – **Recosol Ultra Gloss Thinners** has excellent solvency for most paints. Whilst originally formulated for acrylic and nitrocellulose lacquers is also suitable for thinning many other paints.

High Gloss Finish – **Recosol Ultra Gloss Thinners** evaporates more slowly than All Purpose Thinners, allowing the coating to achieve maximum gloss.

PACKAGING

Recosol Ultra Gloss Thinners is available in bulk, IBCs (1500 litre bulk containers), drums and 20 litre containers.

SAFETY

Please consult the MSDS on **Recosol Ultra Gloss Thinners** before use. **Recosol Ultra Gloss Thinners** is flammable.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

Typical Characteristics

Specific Gravity.....	0.80
Flash Point (open cup).....	- 4°C
Boiling Range	75–170°C
