

SURFACTANTS & DETERGENT ADDITIVES

Zeolite

DESCRIPTION

A synthetic molecular sieve predominantly used in detergent manufacturing and as an absorbent in petrochemical industries.

BENEFITS

Non-toxic white powder.

Strong Ca⁺⁺ (Calcium Ion) exchange capacity.

Ideal phosphate free substitute for STPP in retail cleaning formulations such as dishwasher coolants.

PACKAGING

Zeolite is available in IBCs (700kg bulk containers) and 25kg bags.

SAFETY

Please consult the MSDS on **Zeolite** before use.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

Typical Characteristics

Appearance white powder
Specific Gravity..... <1
Odour..... none
