# Restore and Protect in 5 Easy Steps

## STEP 1 REPAIR Scratches, Cracks and Holes

### Beeswax Filler Sticks

Coloured wax sticks for repairing cracks and small holes in timber surfaces. Can be blended to obtain different shades.

### Scratch Cover

Restores colour and hides scratches in dark timber. Revives slightly worn furniture when stripping the furniture is not warranted.

## STEP 2 PREPARE Raw & Unsealed Timber, Stripped Furniture

### Restoring & New Timber Polish (Clear and Dark)

Starter polish for raw and unsealed timber.

Restores moisture and enhances the natural grain of the timber.

## STEP 3 SEAL Prepared Surface

### Cabinet Makers Wax

Seals the moisture into the prepared surface.

Fills small holes, defects and hairline cracks.

## STEP 4 FINISH Timber, Floors, Tables, Marble, Base Metal, Antiques, Decoupage and Tortoiseshell

### Carnauba Polish

High sheen finishing polish suitable for all types of timber. Helps prevent finger marks. Suitable for marble, base metal and tortoiseshell.

### Floor Polish

Polish for unsealed and restored timber floors.

Restores colour and hides scratches. Gives a traditional wax finish.

## STEP 5 MAINTAIN Timber, Antiques, Leather, Vinyl, French Polished Surfaces, Marble

### Cream Polish - Lavender, Lemon and Rose

Maintains wooden antiques and fine furniture as well as leather, vinyl, marble and french polished surfaces. Long lasting protection.

## OIL CLEAN/ RESTORE Cane, Wicker, Chopping Boards, Tables

### Orange Oil

Suitable for raw and unsealed timber.

Removes built up dirt and grime. Non-toxic with a citrus odour.
