

SOLVENTS / PENETRANTS

# Recosol 200

## DESCRIPTION

A high flash point, >99% aromatic hydrocarbon solvent that performs well in situations requiring a high level of solvency such as agricultural chemical formulations.

## FEATURES

A high flash point solvent that is not classified as dangerous goods for transport or storage.

A high solvency product that is effective on complex resin systems and agricultural actives.

**Versatility** – **Recosol 200** can be included in any formulation where boosted solvency power is required and will combine well with other organic compounds.

**Solvency** – **Recosol 200** has high solvency of greases, oils and general dirt as well as sophisticated polymeric surface coatings and specific use, branched-chain, high molecular weight organics.

## PACKAGING

**Recosol 200** is available in bulk, IBCs (1500 litre bulk containers) and drums.

## SAFETY

Please consult the MSDS on **Recosol 200** before use.

The information and recommendations contained herein are based on data believed to be correct at this time. However, no guarantee of any kind, expressed or implied is made with respect to the information contained herein.

### Typical Characteristics

Specific Gravity.....	0.99
Flash Point.....	101°C
Boiling Range .....	226–279°C
Aromatic Content.....	99%
